THE ORDER OF ST. JOHN OF JERUSALEM
A HISTORY
(2nd Edition 2005)

Chevaliers and Dames of the Order need to be well informed about the history of the Order, its traditions back to the time of the Crusades, and about the modern Order and its relationships.

Members of the Order are busy people and few have time for detailed reading and researching into the historical background of the Order. However, there is an ongoing need for Chevaliers and Dames to be able to readily access basic information on the history and traditions of the Order.

The Chronological and Historical Aspects of the Development of the Order of St. John of Jerusalem, Knights Hospitaller, was researched and written by the Late Chevalier, The Professor Alan Philip Mead OBE., KCSJ., B.Sc., Ph.D, as a general outline of the history and the development of our Order from approximately 1080 until the present time, and reflects the quality of research over many years that went into the publication of the First Edition, and on the more advanced research, culminating in the publication of the Second Edition, which will further provide members, and other interested persons, with an authentic and well documented history of Our Order.

The Second Edition of the History of the Order is compulsive reading for all members of the Order, and is a welcome and timely edition of factual history for the advancement of Members' knowledge of the History of Our Ancient Order of St. John, and will be a welcome and valued edition to the library of all members.
